

Muhammad Asim

.NET Developer

I bring over 4 years of experience as a Full Stack .NET Developer, specializing in ASP.NET, C#, .NET MVC/Core, Web APIs, Razor, Blazor, React JS, SQL, Oracle, and NoSQL databases. My track record includes designing and implementing efficient solutions, collaborating with cross-functional teams, and consistently delivering high-quality software solutions. I excel in clean and efficient code development, ensuring timely project delivery. My adaptability, trend-awareness, and proficiency in remote work make me a valuable asset to any team.
